THE ARTIST.

BIOGRAPHY · EN

M.O.S is a DJ and producer from Brussels. His sets move through eclectic, bass-forward house built on emotional edits, with selections shaped to the room in front of him rather than a fixed playlist. From Kiosk Radio broadcasts to street parties, rooftops and late club floors, each set is treated as its own record: one room, one story, one energy. His closing sets are where the approach lands hardest, high-energy, emotional and built to keep a floor present until the lights come up.

BIOGRAPHIE · FR

M.O.S est un DJ et producteur bruxellois. Ses sets traversent une house éclectique et bass-forward, portée par des edits émotionnels, des sélections façonnées pour la salle plutôt que par une playlist figée. De Kiosk Radio aux street parties, aux rooftops et aux clubs tard dans la nuit, chaque set est traité comme un disque à part entière : une salle, une histoire, une énergie. Ses closing sets sont la signature : intenses, émotionnels, pensés pour garder la salle présente jusqu'aux lumières.
